For Immediate Release – Formtek Maine to offer Feed Line Solutions to Nidec Minster

Clinton, ME U.S.A. -- As a result of a preferred supplier agreement with Nidec Minster, Formtek-Maine will be offering coil line products and solutions from Cooper-Weymouth, Peterson (CWP), Rowe, and other Formtek brands to Nidec Minster beginning in July, 2016.

Our 70 years of experience in engineering and manufacturing quality coil handling/metal processing equipment is very complimentary to the 100 plus years of experience, quality and innovation that Nidec Minster brings to press manufacturing with a shared goal of customer satisfaction.
